

HUBUNGAN INDUSTRI

Pengenalan

Pusat Kerjasama Industri (*Centre for Industrial Collaboration - CIC*) telah ditubuhkan secara rasmi pada Februari 2004. Penubuhan Pusat ini adalah bagi menjalankan program dan juga aktiviti yang berorientasi dunia pengeluaran dan aplikasi kejuruteraan sebenar. Pusat ini juga melambangkan kepelbagaian penawaran program dan aktiviti akademik yang berteraskan penyertaan dan komitmen daripada pihak industri. Semua program dan aktiviti Pusat ini bakal menjadi sebahagian kursus dan aktiviti teras kejuruteraan yang mampu mempertingkatkan daya saing di dalam bidang rekabentuk, pemprosesan dan pengeluaran pelbagai produk yang berteraskan kejuruteraan.

Objektif

1. Memperkenalkan UniMAP kepada Industri.
2. Merangka, melaksana dan membantu perlaksanaan pelbagai aktiviti dengan penyertaan industri bagi kakitangan dan pelajar yang melibatkan industri.
3. Mempertingkatkan pandangan umum dan industri terhadap program akademik dan mutu UniMAP dengan penyertaan rapat oleh industri dalam program pengajianannya.
4. Menyokong pelaksanaan konsep 'intensif praktikal' seperti diamalkan UniMAP.
5. Menggalak dan menyelaras kerjasama seperti perundingan, latihan, khidmat teknikal dan penyelidikan.

Fungsi

Di antara fungsi-fungsi CIC ini adalah seperti berikut:

1. Aktiviti-aktiviti pembelajaran yang berkaitan dengan atau melibatkan industri secara langsung maupun tidak langsung yang memerlukan penyelaras yang sistematis.

2. Kerjasama UniMAP dengan pihak industri dan badan-badan swasta yang lain memerlukan pemantauan dan perlaksanaan yang sempurna.
3. Kefahaman pihak industri dan swasta terhadap penubuhan UniMAP perlu sentiasa wujud dan dikendalikan oleh sebuah badan khas.
4. Aktiviti yang berkaitan dengan latihan staf di industri memerlukan pemantauan yang sempurna.
5. Menjelaskan secara terperinci sebarang aktiviti yang berkaitan dengan kurikulum kepada industri.
6. Bertanggung jawab ke atas aktiviti pengkomersialan produk dan penyelidikan yang dibuat di UniMAP yang berkaitan dengan bidang industri.
7. Menjalankan aktiviti/program Pendidikan Berterusan yang berkaitan dengan pihak industri.
8. Mengadakan aktiviti promosi dan perhubungan dengan pihak industri.
9. Permatauan dan penyeliaan program perundingan.

Program/Aktiviti Pusat Kerjasama Industri

Program dan aktiviti yang dijalankan oleh Pusat Kerjasama Industri, ialah yang berikut:

1. Pendedahan Industri (IndEx)

Program IndEx merupakan satu program singkat yang bertujuan memberikan pendedahan industri kepada mahasiswa tahun 1 UniMAP. Aktiviti-aktiviti yang dijalankan dalam program ini ialah taklimat, dialog dan demonstrasi. Pusat Kerjasama Industri mengadakan aktiviti dengan kerjasama sektor-sektor industri kecil, firma R&D, badan profesional dan badan kerajaan. Program ini dijadikan penanda aras dalam menentukan sama ada pelajar layak untuk mengambil mengikut program IndEnt pada tahun 2 kelak.

Tujuan program ini ialah memberikan kefahtaman yang lebih mendalam tentang bentuk pekerjaan yang bakal diceburi, membuka minda mahasiswa tentang kerja dalam

INDUSTRIAL COLLABORATION

Introduction

The Centre for Industrial Collaboration (CIC) was officially established in February 2004. The Centre's aims are primarily to organise programmes and activities which are manufacturing-oriented and have real engineering applications. Through the Centre's activities, the diversity of related programmes and academic activities, and the industry's participation and commitment can be seen. All of the Centre's programmes and activities constitute a part of the courses and activities offered in this University. Cumulatively, the programmes should help boost students' capability in the fields of design, process, application, and manufacturing of diverse engineering-based products.

Objectives

1. To introduce UniMAP to the industry.
2. To plan, implement and assist the execution of activities that have industrial participation for both staff and students.
3. To increase public and industry awareness and understanding of UniMAP's academic programmes and quality by having close participation with the industry.
4. To facilitate UniMAP's "lab-intensive" approach to education delivery.
5. To encourage and coordinate collaboration between UniMAP and the industry in consultancy, training, technical service, and research.

Functions

The functions of the Centre for Industrial Collaboration are:

1. To plan, implement, coordinate, supervise, and monitor activities that directly or indirectly involve the industry.
2. To act as a platform upon which the industry, private bodies, and the University meet to discuss issues of mutual interest.

3. Industry and private bodies understanding toward the creation of UniMAP should always exist and this is handled by a special body.
4. To plan activities that are related to staff on-job-training in the industry.
5. To explain the University's curriculum-related activities to the industry.
6. To coordinate activities related to product commercialisation and research conducted at UniMAP, which are related to the industry.
7. To carry out continuous education programmes and activities which are related to the industry.
8. To organise promotion and communication activities with the industry.
9. To monitor and supervise the University's consultation programmes.

Industry Cooperation Centre Program / Activity

Programs and activities conduct by the Industry Cooperation Centre are as follow:

1. Industry Exposure (IndEx)

IndEx Program is a short program aims to give industry exposure to the UniMAP first year graduates. Activities conducted in this program are briefing, dialogues and demonstrations. Industry Cooperation Centre conducts activities by cooperation from small industry sector, R&D firm, professional body and government body. This program serves as a benchmark in determining whether the graduates are qualified to follow the IndEnt program on year 2 ahead.

The aim of this program is to give better understanding about the type of works that are awaiting, opens the graduates' mind about working in engineering fields, builds self-confidence to success in the careers that are to

bidang kejuruteraan, membina keyakinan diri untuk berjaya di dalam bidang yang diceburi, mempertingkatkan pandangan dan menjelaskan peluang-peluang pekerjaan yang disediakan di industri, membantu UniMAP melahirkan jurutera yang profesional yang terdidik, terlatih dan berkemampuan memenuhi kehendak industri, dan memberikan pendedahan kepada mahasiswa tentang aspek keusahawanan kejuruteraan.

Program ini dijalankan pada:

- (a) 14-15 Mei 2007 (IndEx 2007)
 - Diadakan di Dewan Kapitol UniMAP, Kangar.
 - Melibatkan seramai 800 orang mahasiswa Tahun 1 Program Sarjana Muda.
- (b) 22-24 November 2007 (IndEx Diploma 2007)
 - Diadakan di Dewan Kapitol UniMAP, Kangar.
 - Melibatkan seramai 251 orang mahasiswa Tahun 1 Program Diploma.

2. Kursus Keusahawanan Teknologi (IndEnt 01-2007)

Program IndEnt merupakan program singkat yang memberikan pendedahan keusahawanan kepada mahasiswa Tahun 2 UniMAP. Aktiviti-aktiviti yang dijalankan dalam program ini ialah taklimat, dialog dan demonstrasi. Pusat Kerjasama Industri mengadakan aktiviti dengan kerjasama sektor-sektor industri kecil, firma R&D, badan-badan profesional dan badan-badan kerajaan. Program ini dicadangkan supaya menjadi sebahagian daripada kursus Keusahawanan 1 yang ditawarkan. Program ini disertai oleh pakar keusahawanan, teknopreneur yang berjaya, dan penasihat pembiayaan dan logistik bagi mempertingkatkan keberkesanan program ini. Program IndEnt 01-2007 dijalankan pada 30 September 2007 bertempat di Dewan Matrikulasi Perlis. Program ini dihadiri semua mahasiswa tahun 2 UniMAP.

Objektif program ini ialah memberikan pendedahan kepada mahasiswa UniMAP mengenai panduan memajukan diri sebagai usahawan dalam bidang teknologi yang berasaskan kejuruteraan, membuka minda mahasiswa dengan membina keyakinan diri untuk berjaya dalam bidang yang mahu diceburi, menjelaskan peluang yang disediakan dalam bidang keusahawanan, membantu

2. Entrepreneurship Technology Course (IndEnt 01-2007)

IndEnt Program is a short program that exposes entrepreneurship to the 2nd year UniMAP graduates. Activities conduct in this program are talks, dialogues and demonstrations. Pusat Kerjasama Industri Industry Cooporation Centre conducts activities with coperation of small industries sector, R&D firm, professional bodies and government bodies. This program is proposed to become apart of Keusahawanan 1 course offered. This program are participated by experts of entrepreneurship, successful technopreneurs, and financial advisory and logistics to increase the program's effectiveness. IndEnt 01-2007 program was conducted on 30th September 2007 at Dewan Matrikulasi Perlis. This program was participated by all 2nd year graduates of UniMAP.

This program's objective is to give exposure to the graduates of ini ialah memberikan pendedahan kepada mahasiswa UniMAP about guideline for self development as entrepreneur in the field of technology bases on engineering, opens the graduates minds by building self confidence to success in the field to be explored, clearing the chances provided in the entrepreneurship field, helping UniMAP produces professional intra entrepreneurs whom are educated, trained and able to fulfill the needs of industries and exposes entrepreneurship engineering aspect to the graduates.

HUBUNGAN INDUSTRI

UniMAP melahirkan intra usahawan yang profesional yang terdidik, terlatih dan berkemampuan memenuhi kehendak industri dan mendedahkan aspek keusahawanan kejuruteraan kepada mahasiswa.

3. Lawatan Industri

Pusat Kerjasama Industri menyelaraskan beberapa siri lawatan ke industri-industri. Sila rujuk halaman 124

4. Program Latihan Industri (InTra)

Latihan Industri (InTra) di Universiti Malaysia Perlis merupakan satu daripada kursus yang wajib diambil oleh semua mahasiswa Tahun 3. Hal ini demikian untuk memenuhi syarat yang ditetapkan oleh "Board of Engineers Malaysia". Program InTra ini mempunyai prosedur-prosedur tertentu yang perlu diikuti. Misalnya dalam klausula 6.1.2 : "Requirements for Degree Programme". Klausula ini menyebut bahawa:

"Industrial training shall be for a minimum of a two month duration to qualify for consideration under the related subjects. Credit hours allowed are 2 credit hours for the first two months and 2 credit hours per month for the following months, subject to a maximum of 6 credit hours. The training shall be adequately structured, supervised and recorded in logbooks/reports."

Tempoh latihan yang ditetapkan adalah berbeza mengikut persetujuan antara pihak industri dengan mahasiswa. Mahasiswa ditempatkan di industri mengikut kesesuaian bidang dalam tempoh selama enam bulan. Program ini menyumbangkan unit kredit kepada keputusan kursus ET300.

Senarai penempatan mahasiswa dan maklumat Latihan Industri yang dijalankan oleh mahasiswa Universiti Malaysia Perlis bagi sesi 2006/2007. Rujuk halaman 125

5. Majlis Malam Bersama Industri

Program Malam Bersama Industri ini dicadangkan oleh Yang Berbahagia Dato' Naib Canselor untuk meraikan pihak industri dan pelajar yang terlibat dengan Program Latihan Industri (InTra) bagi tahun 2006/2007. Majlis ini dilaksana oleh Pusat Kerjasama Industri dengan kerjasama Pasukan InTeam UniMAP di Gurney Hotel & Resort, Pulau Pinang pada 8 April 2007 dan di Putra World Trade Centre (PWTC), KL pada 20 April 2007. Kuala Lumpur dan Pulau Pinang dipilih kerana kebanyakan mahasiswa menjalani Latihan Industri dan kawasan-kawasan ini terdapat industri yang dikenalpasti mempunyai prospek kerjasama pada masa depan.

Objektif majlis ini ialah untuk :

- 1) Mempromosikan UniMAP kepada pihak industri yang terdapat di Malaysia.
- 2) Memberikan penghargaan kepada industri yang memberi sumbangan kepada perkembangan UniMAP dan daripada segi akademik.
- 3) Menjalin hubungan yang rapat antara UniMAP dengan industri bagi memudahkan pelaksanaan aktiviti bersama seperti penempatan mahasiswa untuk latihan industri, lawatan akademik mahasiswa, latihan kepada staf akademik dan sebagainya pada masa depan.
- 4) Sebagai platform perjumpaan antara mahasiswa yang sedang menjalani Latihan Industri di industri dengan kakitangan akademik.
- 5) Sebagai usaha membantu mahasiswa mengenalpasti peluang-peluang pekerjaan di industri-industri yang terlibat.

Butiran Malam Bersama Industri ialah yang berikut:

a) Malam Bersama Industri Zon I (Pulau Pinang)

Tarikh : 6 April 2007

Masa : 8:00 Malam - 11:00 Malam

Tempat : Gurney Hotel & Resort, Pulau Pinang

Hampir 250 orang wakil industri menghadiri majlis tersebut. Antara VIP yang hadir untuk memeriahkan majlis itu adalah En. Sofi Bin Osman, Executive Managing Director (AMD) yang juga merupakan Ahli Lembaga Pengarah Universiti serta para CEO serta Managing Director daripada pihak industri.

b) Malam Bersama Industri Zon II (Kuala Lumpur)

Tarikh : 20 April 2007

Masa : 8:00 Malam - 11:00 Malam

Tempat : Dewan Tun Hussein Onn, PWTC, KL

Lebih kurang 200 orang wakil industri menghadiri majlis tersebut. Antara VIP yang hadir untuk memeriahkan majlis tersebut adalah Y. Bhg. Dato' Sanad Bin Haji Said, Ahli Lembaga Pengarah Universiti bersama isteri, Dato' Zakaria Abd. Wahab, Timbalan Ketua Pengarang BERNAMA, Dato' Hj. Dr. Ahmad Sabirin Arshad, Managing Director / Chief Executive Officer Astronautic Technology(M) Sdn.Bhd serta para CEO dan Managing Director pelbagai syarikat.

3. Industry Visits

Centre for Industrial Collaboration (CIC) organised several visits series to the industries. See page 124

4. Industrial Training (InTra)

Industrial Training (InTra) at Universiti Malaysia Perlis is one of the compulsory courses needs to be taken by all 3rd year graduates. This is to fulfill the requirements sets by "Board of Engineers Malaysia". InTra program consists certain procedures need to be followed. Example, in clause 6.1.2 : "Requirements for Degree Programme". This clause states that:

"Industrial training shall be for a minimum of a two month duration to qualify for consideration under the related subjects. Credit hours allowed are 2 credit hours for the first two months and 2 credit hours per month for the following months, subject to a maximum of 6 credit hours. The training shall be adequately structured, supervised and recorded in logbooks/reports."

The training period sets differ according to the agreement between the industries and the graduates. Graduates are allocated in industries according to the suitability of the field in the term of six months. This program gives credit units to the results of EIT300 course.

Graduates allocation and Industrial Training information conducted by the graduates of Universiti Malaysia Perlis for 2006/2007. See page 125

5. Dinner With Industry

Dinner With Industry program was proposed by Yang Berbahagia Dato' Vice Chancellor to celebrate the industries and graduates involved in Industrial Training (InTra) for the year 2006/2007. the ceremony was held by the CIC by the help of InTeam UniMAP at Gurney Hotel & Resort, Penang on 8th April 2007 and at Putra World Trade Centre (PWTC), KL on 20th April 2007. Kuala Lumpur and Penang were chosen because most of the graduates have their Industrial Training and these area consists of industries that have a cooperation prospects in the future.

The ceremony objectives are to :

- 1) Promote UniMAP to the industries in Malaysia.
- 2) Appreciation to the industries that give supports to the development of UniMAP and in term of academic.

- 3) Building a close relationship between UniMAP and industries for easier programs to be conducted together such as students accommodations for Industrial Training, graduates academics visits, academic staffs training and others in the future.
- 4) As platform for meeting between the graduates in Industrial Training at industry with academic staffs.
- 5) As an effort to help graduates recognising the career opportunities in the involved industries.

Information about the Dinner With The Industry Are As Follow:

a) Dinner With Industry Zone I (Penang)

Date : 6 April 2007

Time : 8:00 p.m. - 11:00 p.m.

Venue : Gurney Hotel & Resort, Penang

Almost 250 representatives of industries present at the function. Among VIPs that present were En. Sofi Bin Osman, Executive Managing Director (AMD) who also is the Member of Board of Director UniMAP and other CEOs as well as Managing Director from the industries.

b) Dinner With Industry Zone II (Kuala Lumpur)

Date : 20 April 2007

Time : 8:00 p.m- 11:00 p.m.

Venue : Dewan Tun Hussein Onn, PWTC,
Kuala Lumpur

Almost 200 industries representatives present. Among the VIPs present was Y. Bhg. Dato' Sanad Bin Haji Said, Member of Board of Director UniMAP with wife, Dato' Zakaria Abd. Wahab, Vice Writer Head BERNAMA, Dato' Hj. Dr. Ahmad Sabirin Arshad, Managing Director / Chief Executive Officer Astronautic Technology (M) Sdn. Bhd and other CEO and Managing Director from various company.

HUBUNGAN INDUSTRI

6. Perkhidmatan Perundingan

(a) Agilent-UniMAP Development Program for Associate Product Test Engineer AUDP)

Program ini melibatkan Agilent Technologies (M) Sdn. Bhd. sebagai pihak yang menyediakan peserta (juruteknik), UniMAP sebagai sumber kepakaran akademik, Dream Catcher Consulting Sdn. Bhd. Sebagai penyedia prasarana, dan Kulim Technology Management Sdn Bhd (KTMSB) menyediakan perkhidmatan lesen pendaftaran dengan Pembangunan Sumber Manusia Berhad bagi tujuan tuntutan bayaran. Kurikulum dan silibus yang diajarkan adalah setanding dengan silibus dan kurikulum yang dilaksana di UniMAP. Peserta program yang mengikuti dengan jayanya kesemua modul diberi 'Certificate of Completion'.

Program kerjasama ini bertujuan melatih juruteknik Agilent Technologies (M) Sdn. Bhd. untuk meningkatkan pengetahuan mereka dalam bidang - bidang tertentu berdasarkan kurikulum UniMAP. Di samping itu, program ini bertujuan meningkatkan pengiktirafan industri terhadap UniMAP khususnya industri antarabangsa.

(b) Program INSEP (Industrial Skills Enhancement Program)

Pusat Kerjasama Industri dan Pusat Pengajian Kejuruteraan Mikroelektronik telah mengadakan kerjasama dengan dua buah organisasi iaitu Penang Skill Development Center (PSDC) dan

Selangor Human Resource Development Center (SHRDC) untuk melaksana program ini. Melalui kerjasama dengan PSDC, Program ini melibatkan kerjasama antara tiga pihak iaitu UniMAP-PSDC dan Silterra. Program INSEP UniMAP-PSDC-Silterra dijalankan mulai 2-25 April 2007 bertempat di Makmal Fabrikasi Mikroelektronik, Analisis Kegagalan dan Fizik Semikonduktor UniMAP. Pelajar-pelajar pada mulanya mengikuti kursus secara teori di PSDC dan kemudiannya dihantar ke UniMAP untuk mengikuti kursus secara amali. Setelah tamat menjalani latihan amali di UniMAP, para peserta akan dihantarkan pula ke Silterra untuk menjalani latihan industri.

Melalui kerjasama dengan SHRDC, Program INSEP ini melibatkan kerjasama antara tiga pihak iaitu UniMAP SHRDC dan Infineon Kulim. Para peserta pada mulanya mengikuti kursus secara teori di Kulim dan kemudiannya dihantarkan ke UniMAP untuk mengikuti kursus secara amali. Setelah tamat menjalani latihan amali di UniMAP, para peserta dihantarkan pula ke Silterra untuk menjalani latihan industri.

Program INSEP ini direkabentukkan khusus bagi siswazah didalam bidang-bidang kritikal supaya dapat mempertingkatkan pengetahuan dan kemahiran mereka dengan harapan mereka mampu bersaing dalam pasaran pekerjaan. Program ini dibayai sepenuhnya oleh Kerajaan Malaysia iaitu dalam bentuk yuran latihan serta elauan sara hidup secara bulanan bagi calon yang layak.

INDUSTRIAL COLLABORATION

accommodation provider and Kulim Technology Management Sdn Bhd (KTMSB) provided registration licence service with Pembangunan Sumber Manusia Berhad for the payment claim. Curriculum and syllabus taught are equal to the syllabus and curriculum applied at UniMAP. All the program's participants who went through successfully the entire module will be given 'Certificate of Completion'.

The cooperation program is aim to train Agilent Technologies (M) Sdn. Bhd. Technicians to improve their knowledge in certain field according to UniMAP's Curriculum. Besides, this program focuses on improving acknowledgment from industries to UniMAP especially international industries.

(b) INSEP Program (Industrial Skills Enhancement Program)

CIC and School of Microelectronic Engineering had created a co-operation with two organizations which are Penang Skill Development Center (PSDC) and Selangor Human Resource Development Center (SHRDC) to conduct this program. By co-operation with PSDC, this program involved the co-operation of

three bodies which are UniMAP-PSDC and Silterra; INSEP program UniMAP - PSDC - Silterra conducted starting from 2-25 April 2007 at Microelectronic Fabrication Laboratory, Failure Analysis Laboratory and Physic Semiconductor Laboratory. The students at first followed the course theory at PSDC and then sent to UniMAP to undergo practical course. Upon finishing the practical course at UniMAP, the participants will be sent to Silterra for Industrial Training.

By co-operation with SHRDC, INSEP Program involves three bodies which are UniMAP-SHRDC and Infineon Kulim. The participants at first undergo theory course at Kulim and then sent to UniMAP for practical training. Upon finishing the practical training at UniMAP, the participants are sent to Silterra for industry training.

INSEP Program is designed specifically for graduates in the critical fields to improve their knowledge and skills with they can strive in the working market. This program is funded totally by Malaysian Government in form of training fees and daily allowance monthly to the qualified candidates.
